## Ministry News

Translators, Translators, Translators! God provided VFCM permits with the Federal Communications Commission to build 15 radio translators.

A translator allows us to use a satellite radio signal from our network headquarters in Nenana, AK (KIAM 630AM) and rebroadcast in a remote village.

There are 13 translators to be installed by the end of 2007. Please pray with us that God will make His will clear in terms of the details surrounding installing these radio translators.

Other ministry news has seen Kristan create an annual operating budget for KAGV 1110AM and begin laying the groundwork for raising fiscal support from the local community.

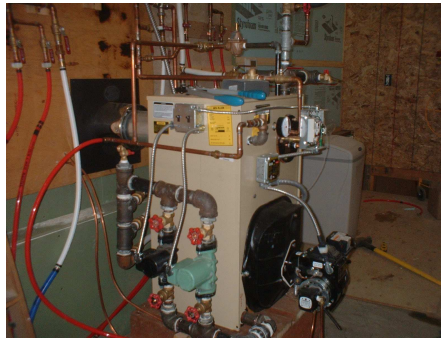

Karl has been working on installing a backup generator for the radio transmitter. Also this month, he

has updated the KAGV1110AM web presence. Watch the website at [www.vfcm.org/kagv](http://www.vfcm.org/kagv) as it changes.

As November approaches, please be in prayer for VFCM's semi-annual advisory board meetings that take place November 13-14, 2006. Please pray with us for God to provide wisdom in decision making and alignment with His desire for this ministry.

## Home Building Update

Three major things have happened on the house this month. First, the electricity was finally installed.

Secondly, we have HEAT!!! What a wonderful blessing from God to grant us a working boiler just before our first winter snow. (By the way, the snow is gorgeous)

Another exciting addition, is the indoor plumbing. We now have hot and cold running water and a flushable toilet! We are continuing to be blessed in our home construction.
