Ministry News

KYKD

As of the end of August, Palmer and Bonnie Bailey have arrived in Bethel.

Kristan was able to train the Bailey's on the necessary radio tasks in just a few days. For the rest of our training time in Bethel, Karl was able to instruct Palmer in the more creative/fine-tuning aspects of running KYKD such as music selection and programming.

Please pray for the Bailey's as they serve in Bethel that they might have good health, spiritual fellowship, and a joyous time of service to our Lord.

Translators

In the middle of October, we were able to travel to Sand Point, AK to re-install the translator. You will recall that there were some FCC paperwork issues with Sand Point, but we are now broadcasting the good news of Jesus Christ 24 hours a day in via a VFCM-owned and licensed translator! Praise God!

These are pictures of Karl and Kristofer enjoying themselves on the airplane out to Sand Point and both of them working on the electronic radio receiver and exciter.

Here, Karl is adjusting the translator antenna in rainy, windy, Sand Point. We are grateful to God for Karl's safety as he was climbing around on a slippery metal roof.

VFCM

During the first few days of November, VFCM will be holding our semi-annual board of directors meetings. Again, we ask that you pray fervently with us for the leadership and staff of Voice For Christ Ministries specifically during these meetings.

Tear Off Here

Name (s): _____ Telephone Number: __ (____) _____

Street Address (including zip code): _____

Email Address: _____

- I (We) commit to praying _____ times per month.
- I (We) would like to contribute \$ _____ per month.
- I (We) would like to receive email newsletters instead of paper.
- I (We) am (are) sending this one time gift of \$ _____.
- I (We) would like to inquire at my (our) church to see if they would be willing to support Karl and Kristan, please send me (us) more information.

Personal Update

Since we have been home, the downstairs basement has seen the most construction progress. Here Karl is pulling wires for video, internet, telephone, and speakers and then installs fiber-glass insulation into the basement ceiling in preparation for drywall.

It is fun to think about what God's plan might be for our son's life. Currently, Kristofer displays proclivity toward an electrician. He enjoys chewing on all wires, playing with electrical boxes, and the general buzz that can be felt from any 5-volt consumer device (e.g. cell phone charger, USB cable, etc.). Here he looks on as his daddy installs some electrical wiring.

Winter has come and we are enjoying the colder weather. Wood collection for heating fuel still continues and we are blessed to have John's (KAGV intern) help in this endeavor.

Enjoying the freedom of walking and exploring new things, Kristofer can't quite figure out why he can now walk on the pond and what the white stuff is all around him.

We thank those of you who allow us the privilege of serving our Lord here in Alaska through your prayers and financial gifts.
